EXHIBITORS RESPONSIBILITY FOR CARE and FEEDING

Red Flag Rule: "All animals must be kept clean, fed, and have access to clean, fresh water throughout the day. The first time your pen(s) is/are not kept cleaned and/or there is/are no food or clean water the youth will receive a warning. They will have until the next check to remedy the situation – the expectation is that youth will be checking their projects every three hours (starting at 9 a.m., 12 Noon, 3 p.m., 6 p.m. and 9 p.m.). The second time the pen will be red tagged and the youth will not be eligible to exhibit that species in the following years at fair.

- * Only the superintendents of each species can red tag pens (for example the Sheep Superintendent can tag sheep pens). Warnings and red tags will be placed on pen cards.

- * Primary responsibility for grooming animals for show is that of the exhibitor. Parent and 4-Her's may assist.
- * Exhibitors are responsible for proper feeding and care of their animals, including keeping stalls, pens, and animals clean and neat at all times, until they are trucked out on Sunday, the last day of fair.

It is vital that the 4-H program put their best foot forward and demonstrates the care that we give to our animals and the hard work that we as a 4-H program put into our projects as well as how we work as a team. This is not an individual contest. Club Herdsmanship will be judged during the entire fair week and will be checked for the cleanliness of the animals and stalls, neatness of area outside their pen, attractiveness and creativity of the Club's display area. The main cleaning of each species area should be done by 9:00 a.m. and all club signs must be easy to identify, readable, and have eye appeal. Each exhibitor's name card should be neatly displayed for each of their pens. Herdsmanship will be divided into Large Club (4 or more exhibits) and Small Club (3 or less exhibits). Incentive awards will be presented at the end of Fair week two per each species (large and small).**
- * If number of animals warrants splitting or combining the class, the Superintendents may do so after weigh-in.
- * Ribbons and/or Rosettes are to be awarded in all classes unless otherwise specified.
- * Champion and Reserve Champion awards will be given at the discretion of the judge and only if the number of exhibitors warrant such awards.

OBEDIENCE CLASSES

- * The “A” class is for new exhibitor and new dog who are competing at the level for the first year.
- * The “B” class is for exhibitors and/or dogs who have competed in the “A” class previously at that level.
- * “Experienced” means showing your dog in a prior 4-H show, AKC show, fun match or trail. If you have then you must show as “B” class.
- * A qualifying score is a minimum score of 170 in any of the above competitions.
- * Exhibitors show with a 6 foot leash and choke collar.

- * An exhibitor/dog team can compete at the next higher level once they have received, one (1) qualifying score at current level, and they MUST complete at the next level once they receive three (3) qualifying scores at current level.

Example: “Exhibitor Joe”, has two dogs, “Dog Ann” and “Dog Ben”. Exhibitor Joe and Dog Ann have shown together for several years and have received 3 qualifying scores in Pre-Novice. Exhibitor Joe and Dog Ben have never shown together. Therefore, Exhibitor Joe signs “Dog Ann” up for Novice A because he has the three scores in Pre-Novice and has never shown at the Novice level. Exhibitor Joe signs “Dog Ben” up for Pre-Novice B because he himself has shown in Pre-Novice A (with Dog Ann) in the past, but does not have any qualifying scores with “Dog Ben” at the Pre-Novice level.

- * Pre-Novice A - new dog and new handler in first year of the 4-H dog project.
- * Pre-Novice B - experienced handler and experienced dog, or experienced handler and new dog, or new handler and experienced dog.
- * Beginner Novice A - Handler and dog have at least 1 qualifying score in a pre-novice class but who has not won any other AKC obedience titles. The dog cannot have competed in a novice obedience class. This class will have a 10 minute walk through without dogs and is designed to help transition handlers and dogs into off-leash work as well as introducing Rally Obedience signs to the Team. The “heel” exercise will be done by using rally signs to instruct the handler what to do in their heel pattern. The “figure 8” exercise will be done the same as Pre-Novice class on leash. The “Sit for Exam” is done on a 6’ leash with the dog examined by the judge with only a touch to the head. The handler returns to the dog upon command and then walking the perimeter of the ring. The leash will remain attached to the dog, although will be dropped/placed on the ground before the exercise begins. The “recall” exercise will be performed with the leash off and kept by the handler, either holding the leach in either hand, placing in a pocket, or draping it around the neck. Upon the judge’s command, the handler will give the dog the command and/or signal to stay in the sit position, the handler then walks forward out approximately 25 feet to a location as directed by the judge, turns and faces the dog. On the judge’s signal, the handler will command or signal the dog to come. No finish will be required of the dog by the handler. After the judge’s order “exercise finish” the handler will reattach the leash to the dog’s collar.
- * Beginner Novice B – Experience handler and experienced dog who has competed in Beginner Novice A. Dogs that have not won any other AKC obedience titles may compete. Description is above with the same exercise being done in Beginning Novice A.
