May 18, 2020

Dear Montcalm County Fair Association members, supporters and participants:

It is with great regret that the Montcalm County Fair Board voted last night to suspend all *in person*, fair activities for 2020 fair.

Many factors were considered, including the health and safety of our volunteers and youth participants. In addition, there are many governmental restrictions put in place by Governor Whitmer.

Plans are underway for remote contests. Watch for announcements from your 4-H coordinator. Also, the fair livestock committee is working toward a plan to assist the youth in marketing their livestock projects. There will be more information to follow.

I am very proud of our many volunteers and would like to thank them for their year round efforts. Together we can plan an even better 2021 fair event.

Thank you,  
Melissa Eldridge  
Fair Board President  
Montcalm County Fair Association
