

Projects To Be Done At The Fairgrounds 2022

This form was created so everyone can be made aware of what is needed to be done at the fairgrounds

Some areas will need to be done more than once, such as weeding flower beds and weeding around the buildings

If you complete a project, please put your name and date it was completed on the form or please let Jason Nadeau know by emailing him at jandjnadeau@yahoo.com

Projects:

Weeds need to be pulled in all the flower beds and around all buildings. Tools needed are gloves and gardening tools. If older kids are able to use a weed eater, that would be ideal for around the buildings and outside of the flower beds. Also, if anyone is able to spray weed killer around all the buildings on the fairgrounds, but will need to be done by an older child or adult volunteer. This will need to be done more than once before fair week.

Date completed	Name	Club

There are ruts in the grandstand area where UTV's and golf carts enter to watch the grandstand events. The ruts need to be filled in, but it will need to be done when the ground is soft, like after a rainy day. Equipment such as a tractor is not able to reach it so it will need to be done by shoveling the dirt back into the ruts. Tools needed are a shovel.

Date completed	Name	Club

The fence along the grandstand area needs to be put back together. There is a large open area on the north side and some smaller open areas in the fence.

Date completed	Name	Club

Campground area needs to have the sticks picked up, fallen brush, trash, and pallets picked up and placed on the burn pile. The burn pile is located on the north side of the fairground property by the campground.

Date completed	Name	Club

Campground area needs to have the fallen trees cut up. Tools needed is a chainsaw so this will need parent volunteers to help. Wood can be piled up anywhere.

Date completed	Name	Club

Campground area has many lot markers that have been removed. The lot markers will need to be put back into the lot marker spots.

Date completed	Name	Club

Campground area has many spigots that need to be put back on poles. Tools needed is a screw gun.

Date completed	Name	Club

There is old building materials in a pile by the bath house. This pile needs to be cleaned up and placed on the burn pile.
